

The iQ Business Group (IQBG), has been named OpenText Americas Partner Spotlight winner for August 2011.

*“OpenText partners with the most prominent organizations within the Enterprise Content Management (ECM) industry. This award is a testament to IQBG’s continued innovation in the ECM area. IQBG was also recognized as the Rising star- America partner for 2010.” Lawrence T. Collins Director, East Region Channel Sales*

As a key OpenText service provider, IQBG has the proven ability to automate and reengineer complex business processes that include systems integration and application development. Our expertise includes strategy, design, implementation, change management, project management, customization, Web design, and specific vertical market and domain expertise.

The OpenText and IQBG partnership has resulted in the following successes:

- Engagements with North Carolina Department of Transportation (NCDOT).
- Engagements with the several Federal Home Loan Banks.
- Offerings for cloud-based SaaS and IaaS (Infrastructure) with OpenText products.

The iQ Business Group (IQBG) is a global provider of business transformation, technology and outsourcing solutions for the financial services, public sector and healthcare industries. For more than 10 years, IQBG has applied industry intelligence with technology to help customers become more competitive, efficient and profitable.
